(c) On August 6, 2026, the Board of Directors (the “Board”) of Lightbridge Corporation (the “Company”) appointed Andrey Mushakov, previously the Company’s Executive Vice President, Nuclear Operations, as the Company’s Executive Vice President & Chief Operating Officer.

Biographical information for Mr. Mushakov may be found in the Company’s definitive proxy statement on Schedule 14A filed with the Securities and Exchange Commission on March 31, 2026, and such biographical information is incorporated herein by reference. Mr. Mushakov’s existing compensation arrangements are not being modified or supplemented in connection with the appointment. There is no arrangement or understanding between Mr. Mushakov and any other persons pursuant to which Mr. Mushakov was appointed as Executive Vice President & Chief Operating Officer, nor does he have any direct or indirect material interest in any transaction required to be disclosed pursuant to Item 404(a) of Regulation S-K. Mr. Mushakov has no family relationships with any of the Company’s directors or executive officers, and no changes have been made to any plans or arrangements in which Mr. Mushakov participates as a result of this appointment.

(e) Also on August 6, 2026, the Board, pursuant to the recommendation of the Compensation Committee (the “Committee”) of the Board, approved grants of restricted shares of the Company’s common stock (the “RSA Grants”) to certain executive officers, employees and consultants of the Company as well as members of the Board under the Company’s 2020 Omnibus Incentive Plan (the “2020 Plan”).

The RSA Grants are subject to vesting as follows:

- Twenty-five percent (25%) of each RSA Grant is service-based and will vest in six equal installments on each of the first six semi-annual anniversaries grant date, contingent on the grantee’s continued service with the Company on each applicable vesting date; and
- Seventy-five percent (75%) of each RSA Grant is performance-based and will vest, if at all, based on the Company’s achievement of specified operational milestones, contingent on (1) achievement of the applicable milestone prior to expiration of the applicable performance period, the first of which ends on December 31, 2029 and the last of which ends on December 31, 2034, and certification of its achievement by the Committee, (2) the grantee’s continued service with the Company on each applicable milestone certification date and (3) the grantee’s completion of at least twelve months of continuous service with the Company as of the vesting date.

The performance-based portion of the RSA Grants is further contingent on approval by the Company’s stockholders of an increase in the number of shares authorized under the 2020 Plan to accommodate the awards. The operational milestones applicable to vesting of the performance-based RSA Grants are designed to be reasonably difficult to achieve and relate to key Company objectives. The portion of each RSA Grant that is performance-based vests, if at all, as follows: 30% on a specified goal related to the construction of a new fuel facility, 30% on a specified goal related to the commissioning of a new fuel facility, and 40% on a specified goal relating to lead test assembly production.

Any shares of the performance-based RSA Grants that remain unvested as of the end of each applicable performance period will automatically be forfeited and cancelled without consideration.

The total number of shares of common stock underlying the RSA Grants to the Company’s principal executive officer, principal financial officer and named executive officers are as follows:
