PART 1 - FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

The accompanying un-audited financial statements have been prepared in accordance with the instructions to Form 10-QSB and, therefore, do not include all information and footnotes necessary for a complete presentation of financial position, results of operations, cash flows, and stockholders' deficit in conformity with generally accepted accounting principles. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations and financial position have been included and all such adjustments are of a normal recurring nature. Operating results for the nine months ended March 31, 2002 are not necessarily indicative of the results that can be expected for the year ending June 30, 2002.

CUSTOM BRANDED NETWORKS, INC.  
(A Development Stage Company)  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
-----

MARCH 31, 2002

(Unaudited)

(Stated in U.S. Dollars)

1. BASIS OF PRESENTATION

The unaudited consolidated financial statements as of March 31, 2002 included herein have been prepared without audit pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with United States generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. It is suggested that these consolidated financial statements be read in conjunction with the June 30, 2001 audited consolidated financial statements and notes thereto.

2. NATURE OF OPERATIONS

Custom Branded Networks, Inc. (the "Company") engages in the business of providing turnkey private label internet services to organizations throughout the domestic United States and Canada. The Company plans to provide wholesale internet access service acting as the internet service provider ("ISP") through its relationships with other ISPs who will provide the service for the Company and perform the billing services directly to the customer. Currently, the Company has one ISP relationship in place for dial-up modem service. The Company also provides the customer set-up, and the branded compact disc with the customer's unique content and packaging. The Company is considered a development stage company in accordance with Statement of Financial Accounting Standards No. 7. The Company has not commenced planned principal operations.

i) Going Concern

The Company has not generated any operating revenue and it has used cash in its operations since its inception, thereby generating operating losses. Such losses are due primarily to the Company's efforts to develop and promote its products and services, which efforts include internal staffing, travel and other promotional expenses. The Company has signed up certain customers but deployment on the ISP's network has not occurred. Management expects deployment to occur in the near future. The Company plans to continue to focus on deployment and acquiring customers, which will require additional expenditures for operating costs. There can be no assurance that the Company will be able to successfully deploy customers, be successful in raising sufficient funds for its operations, or achieve or sustain profitability or positive cash flows from its operations. The Company's ability to continue as a going concern is dependent on its ability to raise additional amounts of capital.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
-----

MARCH 31, 2002  
(Unaudited)  
(Stated in U.S. Dollars)

2. NATURE OF OPERATIONS (Continued)

ii) Acquisition of Custom Branded Networks, Inc. and Name Change

On February 2, 2001, the shareholders of the Company, formerly known as Aquistar Ventures (USA) Inc. ("Aquistar"), a Nevada corporation, approved an agreement and plan of reorganization (the "reorganization") involving the acquisition of Custom Branded Networks, Inc. ("Custom Branded"), a Delaware corporation, and the change of the name Aquistar to Custom Branded.

As a consequence of the implementation of the reorganization, the following occurred:

a) The Company acquired all the shares of Custom Branded in exchange for the allotment of 25,000,000 shares of the Company to the former shareholders of Custom Branded.

b) The Company changed its name from Aquistar to Custom Branded Networks, Inc.

As a result of the reorganization, the former shareholders of Custom Branded hold 61.8% of the outstanding common shares of the Company.

iii) Reverse Take-Over

Effective February 2, 2001, Aquistar Ventures (USA) Inc. ("Aquistar") acquired 100% of the issued and outstanding shares of Custom Branded Networks, Inc. ("Custom Branded") by allotting 25,000,000 common shares. Since the transaction resulted in the former shareholders of Custom Branded owning the majority of the issued shares of Aquistar, the transaction, which is referred to as a "reverse take-over", has been treated for accounting purposes as an acquisition by Custom Branded of the net assets and liabilities of Aquistar. Under this purchase method of accounting, the results of operations of Aquistar are included in these financial statements from February 2, 2001.

Control of the net assets of Aquistar was acquired for the total consideration of \$15,228 representing the fair value of the assets of Aquistar. Custom Branded is deemed to be the purchaser for accounting purposes. Accordingly, its net assets are included in the balance sheet at their previously recorded values.

(Unaudited)  
(Stated in U.S. Dollars)

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States. Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements for a period necessarily involves the use of estimates which have been made using careful judgement.

The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the significant accounting policies summarized below:

a) Consolidation

These financial statements include the accounts of the Company and its

wholly-owned subsidiary, Custom Branded Networks, Inc. (a Nevada corporation).

b) Capital Assets

Capital assets are recorded at cost and are amortized at the following rates:

Office equipment - 20% declining balance basis  
Computer equipment - 3 years straight line basis

c) Income Taxes

The Company has adopted Statement of Financial Accounting Standards No. 109 - "Accounting for Income Taxes" (SFAS 109). This standard requires the use of an asset and liability approach for financial accounting and reporting on income taxes. If it is more likely than not that some portion of all of a deferred tax asset will not be realized, a valuation allowance is recognized.

(A Development Stage Company)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
-----

MARCH 31, 2002  
(Unaudited)  
(Stated in U.S. Dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

d) Revenue Recognition

Revenues will consist of recurring monthly fees from internet access and from set-up fees. Subscriber contract terms vary by customer, although, the monthly internet access fees are generally paid by the subscriber at the beginning of the month. Subscribers canceling service are not entitled to receive funds of the monthly access fee per the service contract, unless it is prepaid for future periods. Revenues for monthly internet access fees are earned and recognized when received for the current month. Internet access fees prepaid for future months are deferred until the beginning of the service month. Revenues for set-up fees are recognized once the customer is deployed and internet access service is active. Customers are entitled to refunds of set-up fees if deployment does not occur.

e) Financial Instruments

The Company's financial instruments consist of cash, accounts receivable, prepaid expenses and accounts payable.

Unless otherwise noted, it is management's opinion that this Company is not exposed to significant interest or credit risks arising from these financial instruments. The fair value of these financial instruments approximate their carrying values, unless otherwise noted.

f) Loss Per Share

Loss per share is calculated using the weighted average number of common shares outstanding during the period.

All references to loss per share, weighted average number of shares outstanding, and common shares issued and outstanding have been restated to reflect the impact of the reverse take-over.

- 11 -

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Plan of Operations

Custom Branded Networks, Inc.'s (the "Company"), business plan is to provide turnkey private label Internet solutions to businesses and private organizations that desire to affiliate with a customer base via the Internet. To move its business plan forward, the Company must raise capital through either private placement or public registration for sale of its securities. The company also intends to secure income through the acquisition of one or more private companies whose earnings could assist the capital needs of the company on a consolidated basis. Although we are pursuing these avenues, it cannot be

guaranteed that satisfactory arrangements can be reached. At the present time we have no arrangements in place for the acquisition of any company or business. We have vigorously pursued the raising of funds throughout the prior 12 months without sufficient success to move our business plan forward. At March 31, 2002, the Company had cash of \$892.

In the event that the Company is unable to raise capital as discussed above, the Company will have sufficient capital to meet its plan of operations for only the next 30 days. The Company expects to incur additional research and development costs over the next twelve months. However, such expenditures are dependent upon the Company's ability to raise capital to support such operations. We believe we need to raise capital in the amount of the \$400,000 to move our business forward in a meaningful way. This amount would provide us with the necessary working capital for approximately 12 months

Operational expenses are incurred primarily due to the Company's efforts to develop and to promote its products and services, which efforts include internal staffing, travel and other promotional expenses. John Platt, the only executive officer of the Company, earns a salary of \$10,000 per month. However, since March, 2001, Mr. Platt has been paid no salary and such amounts have been accrued as current liabilities on the books of the Company.

#### Forward Looking Statements

The information contained in this section and elsewhere may at times represent management's best estimates of the Company's future financial and technological performance, based upon assumptions believed to be reasonable. Management makes no representation or warranty, however, as to the accuracy or completeness of any of these assumptions, and nothing contained in this document should be relied upon as a promise or representation as to any future performance or events. The Company's ability to accomplish these objectives, and whether or not it will be financially successful is dependent upon numerous factors, each of which could have a material effect on the results obtained. Some of these factors are within the discretion and control of management and others are beyond management's control. Management considers the assumptions and hypothesis used in preparing any forward looking assessments of profitability contained in this document to be reasonable; however, we cannot assure investors that any projections or assessments contained in this document, or otherwise made by management, will be realized or achieved at any level.
